

ASTELIA SILVER SHADOW PVR3104

KEY FEATURES

- Tough, trouble-free and handsome!
- Compact and lower growing than its well-known Chatham Island parent – *Astelia chathamica*
- Striking metallic silver foliage creates a stunning architectural feature plant, well suited to contemporary plantings
- Produces outstanding colour and textural contrasts when planted rhythmically through garden borders
- Excellent container specimen
- Low water tolerance, once established
- Wind and coastal tolerant
- 1m x 1.2m
