

CHOYSIA WHITE DAZZLER

KEY FEATURES

- Also known as 'mock orange blossom' for its faint scent of orange
- Forms a dense, compact, mounding shrub
- Dark green, deeply divided foliage is appealing year-round
- Totally smothered in pure white, star-shaped flowers, not once, but twice a year in spring and autumn – a magnet for bees!
- Perfect for mass planting and weed-suppressing ground cover
- Low maintenance; frost and wind hardy; drought tolerant
- Best in full sun in average but well-drained soils
- 1.2m x 1m
