

GRISELINIA WHENUAPAI PVR2520

KEY FEATURES

- Bred by Tom Johnson, Whenuapai, Auckland
- Selected for deeper green and glossier foliage compared to other Griselinia varieties
- Also has a strong upright growth habit, forming a tidy columnar shaped tree
- Remains fresh looking year-round
- Ideal as background planting, screening and shelter
- Clips into a neat, compact hedge
- Low water tolerance, once established
- Hardy to -10C
- Wind and coastal tolerant
- 6m x 3m
