

LOMANDRA WHITE SANDS PVR31240

KEY FEATURES

- Bred by Malcolm Woolmore, Kiwiflora International, Auckland, New Zealand
- Fresh, creamy-white and green, variegated foliage illuminates the landscape
- Upright new growth gracefully arches over as it matures forming an elegant fountain of fine foliage
- Creates fantastic textural and colour contrasts against bold, green foliage types
- Fast growing and low maintenance
- Use for containers, textural input for garden borders and spectacular mass planting
- Cold, wind and drought resistant
- Propagation by division
- 50cm x 50cm
