

PHOTINIA SUPERHEDGE

KEY FEATURES

- Flushes of glossy bronze foliage and a super-fast growth rate gives Superhedge the edge!
- Vigorous upright growth and a natural self-branching habit quickly forms a perfectly bushy plant - no persuasive pruning required
- Long, narrow weeping foliage adds to the appeal, presenting a lovely soft texture
- Versatile, low maintenance plant, suitable for screening, tall hedging and specimen planting in large, open garden areas
- Tolerant of most soil types but does require good drainage
- Tolerant of wind, coastal conditions, drought and light frost
- Evergreen
- Up to 5m high x 4m wide
